Some restrictions may apply\*. Member's STAR Financial CU accounts must be in good standing. Loans not available for Skip-A-Pay include Certificate Secured, Home Equity, MasterCard, and Simple Loans. Payroll Deductions and Automatic Transfers normally posted to loans will be available for withdrawal in your account. Members will be contacted if additional information is needed or if STAR CU is unable to approve the Skip-A-Payment Request. I understand that there is a **\$20 non-refundable application fee per loan** and I authorize STAR Financial CU to withdraw the fee from my STAR Financial CU account.

I understand that I may skip a maximum of two payments per loan, per 12-month period. I also understand that by skipping my loan payment, the total finance charges on my loan will continue to accrue and the term of the loan will be extended. Also if you are requesting to skip-a-payment on a loan with GAP, your GAP contract only allows one (1) skip-a-payment over the life of the loan, therefore more than one (1) would not be covered under a GAP Claim if filed. If more than one skip-a-payment has been approved for a GAP covered loan, and a GAP Claim is filed, any skip-a-payment over (1) one will be deducted from the GAP Settlement.
